Supplements TEES Rule 29.01.99.E1

Standard Administrative Procedure Statement
The scope of this procedure is to ensure the network configuration continues to develop with sufficient flexibility to meet TEES demands.

Reason for Standard Administrative Procedure
The purpose of the network configuration procedure is to establish the process for the expansion and use of the network infrastructure.

Procedures and Responsibilities

1. CONTROLS AND RESPONSIBILITIES

1.1 All new or upgraded cabling will conform to State standards for cabling to the extent consistent with TEES’ mission.

1.2 Network system administrators shall consult the TAMU Networking and Information Services (NIS) office for allocation and registration of network addresses and name space (consult@net.tamu.edu or (979) 845-8300).

1.3 For the network infrastructure managed by TAMU Computing and Information Services (CIS), they will continue to manage and approve further developments and enhancements to this infrastructure
