TEES Research Development

NSF CAREER and Other Young Investigator Programs Workshop
February 18, 2016
8:00 a.m. - 12:45 p.m.
Rudder Tower, Room 401
Required registration to open in early January

Other Opportunities

Writing Successful Proposals
March 1, 2016
1:00 p.m. - 4:00 p.m.
Henderson Hall, Room 103
Registration required

NSF CAREER Proposal Writer’s Group Inaugural Meeting
March 15, 2016
2:00 p.m. - 3:30 p.m.
Henderson Hall, Room 103
Registration required

NSF CAREER Proposal Writing Workshop
March 21-22, 2016
St. Louis, MO
Information and Application – Application deadline is January 5, 2016

NSF Broader Impacts Workshop
March 24, 2016
2:00 p.m. - 3:30 p.m.
Henderson Hall, Room 103
Registration required
Research News

Reminder: Revised Version of PAPPG (NSF 16-1) in Effect on January 25, 2016

NSF is pleased to announce that a revised version of the NSF Proposal & Award Policies & Procedures Guide (PAPPG), (NSF 16-1) has been issued.

The new PAPPG will be effective for proposals submitted, or due, on or after January 25, 2016. You can view the new PAPPG on the NSF website.

Significant changes include:

- Enforcement of 5 p.m. submitter’s local time across all NSF funding opportunities;
- Implementation of NSF’s Public Access Policy;
- Submission of proposal certifications by the Authorized Organizational Representative (AOR) concurrently with proposal submission;
- NSF’s implementation of the US Government Policy for Institutional Oversight of Life Sciences on Dual Use Research of Concern;
- Provision of Collaborators and Other Affiliations information as a new single-copy document, instead of as part of the Biographical Sketch;
- Submission of Biographical Sketches and Current and Pending Support separately for each senior personnel;
- Electronic signature and submission of notifications and requests by the AOR only;
- Revision of timeframe for submission of final project reports, project outcomes reports and financial closure of awards to 120 days after the award end date; and
- Numerous clarifications throughout the document.

Given the number of important revisions, the community is strongly encouraged to review the by-chapter summary of significant changes and clarifications provided in the Introduction section of the PAPPG.

While this version of the PAPPG becomes effective on January 25, 2016, in the interim, the guidelines contained in the current PAPPG (NSF 15-1) continue to apply. We will ensure that the current version of the PAPPG remains on the NSF website, with a notation to proposers that specifies when the new PAPPG (including a link to the new Guide) will become effective.
If you have any questions regarding these changes, please contact the Policy Office on x8243 or by e-mail to policy@nsf.gov.

Prepared by TEES Research Development under the auspices of the Associate Agency Director for Strategic Initiatives and Centers. For questions, email researchnews@tees.tamus.edu.
